## General Financial Aid Information

You must complete your FAFSA (Free Application for Federal Student Aid) at [studentaid.gov](http://studentaid.gov) to receive a federal grant or student loan. While students may apply for federal financial aid throughout the year, Ivy Tech has established the following financial aid processing priority dates for each enrollment period:

- July 15 (Fall Semester)
- December 1 (Spring Semester)
- May 1 (Summer Term)

In order to ensure priority processing and “on-time” delivery of eligible financial aid, students must apply and return all requested forms/verification paperwork to their Ivy Tech Financial Aid Office by the priority processing dates above. Meeting this priority date gives Ivy Tech the necessary time to review and process your aid request accurately and on time, as determined by eligibility. It is recommended that you begin the financial aid application process at least 6-8 weeks before the priority processing date stated here; however, March 1<sup>st</sup> of every year is the FASFA priority application deadline.
