Spring Break Week

Our curriculum, our strategies and our instructors make the difference. A leader in Midwest test preparation since 1987, ExcelEdge knows what works and what does not. It is not enough to be smart. You have to know what to expect, how to eliminate choices, how to answer items quickly and know when to move on. At each class, content certified instructors will teach you effective offensive and defensive strategies. You will practice these strategies on timed segments of authentic SAT exams. Teachers will analyze your responses with you, enabling you to hone your skills. We will steer you to additional drills in the *Vocabulary Warm-Ups* and the *Essentials of Arithmetic, Algebra, Geometry and Trig* for further help. To see what our schools, our parents, and the graduates of our programs have said, please visit our web site: www.exceledgeinc.com.
